

Name: _____

Snow-Day BINGO

Directions- Choose activities to complete for our “e-learning” day. Complete activities in order to get TWO BINGOs. Bring this back on our NEXT school day with 2 BINGOs for a surprise. You can do more if you want!
Enjoy! Stay warm!

B	I	N	G	O
Write a multiplication word problem, solve it and have a parent/adult check it	Write 7-up (7 or more words) sentences using your spelling words for the week	Read some current events, CNN10, Newspaper, Radio, Ect. What are three things you learned?	Log on to IXL and work on D.1 & D.2	Draw a snowman on the beach what are the craziest things you can make him do?
Write a story. Use capital letters & ending punctuation.	Play a board game with anyone in your house	Do something physical (Go Noodle, Rock, Paper, Scissors, run around)	Draw & label the respiratory system (from Science)	Build a fort in your bedroom/living room and read in your fort with a flashlight
Teach someone in your house how to multiply a 3-digit number by a 2-digit number	Make a video or poster about how to multiply a multi-digit number by a multi-digit number	Go technology free for two hours :)	Collect & count the loose change around your house. Record your findings	Play outside, build a snowman, go sledding :)
Read a book for 20 minutes & create a story structure map (Plot, Setting, Characters)	Look up a NEW word in the dictionary. Use that word in a complete sentence.	Do research about your state, for your state report project	Practice your multiplication facts with an adult/other person in your house	Shovel Snow
Make a list of everything we have learned in Science so far this year, what do you remember about each of those?	Help your parent/adult do something WITHOUT being asked	Work on your Science Fair project	Study your states & capitals (Flashcards)	Cook/Bake something with an adult in your house
