

Greetings,

Currently, your child/children is/are on a “checkout basis” for the use of the district Chromebook. The RCW Tech Dept and administration has supported the allowance of 1 to 1 devices to be sent home with an agreement that parents will be in charge of the supervision and careful handling of these devices during this shutdown period, thus guaranteeing your child’s ability to connect in the instance of possible extended elearning.

Your child’s School Issued Chromebook will be allowed to go home with your child during this pre-emptive situation if the following waiver is signed and dropped off at the High School Office as early as March 16th, and no later than Noon this Friday March 20th, 2020.
